Yadkin County Farmers Market

It's that time of the year! The Yadkin County Farmers Market opening day is May 3, 2022 and Kellee is busy with Farmers Market meetings and grower certifications. Sellers of the Farmers Market must reside in Yadkin or an adjacent county and submit a growers certification. A site visit will be scheduled to complete the growers certification before a seller can sell at the Farmers Market. Kellee Payne, Agriculture - Horticulture agent is responsible for these certifications. If you plan to sell at the 2022 Farmers Market and need a growers certification, please contact her at 336-849-7908 or kellee_payne@ncsu.edu. We look forward to a great year at the Yadkin County Farmers Market.

4-H YOUTH DEVELOPMENT

Red Carpet Achievement Night

It was time to celebrate our 4-H members! On March 11th Yadkin County 4-H held a Red Carpet Achievement Night. The annual Achievement Night event is held to recognize the accomplishments, hard work, and dedication of our 4-Her's. We love to recognize the amazing efforts of our youth. The night started off with a message from Lisa Hughes, our County Manager. Project Record Books, Portfolios and 4-H graduates were recognized. Achievement Night is not complete without the art and talent show entries. The night finished up recognizing our 4-Her's of the year, Lola Wilbanks the 2021 Junior of the Year and Sydney Tucker the 2021 Senior of the year. We were excited that Achievement Night was in person this year! Congratulation, to all who participated in a night full of fun and accomplishments.

Springtime

It's springtime! Phil is busy with customer phone calls, farm visits and educational programming. A large customer concern has been fertilizer prices. The first question Phil will ask, "Have you had a soil test?" Soil testing prevents over application of fertilizer waste. Soil testing is free from April - November. Sample boxes and forms are available in our office Monday - Friday from 8:00 am until 5:00 pm.

NC Farm School

Phil is involved with a variety of projects in both Davie and Yadkin Counties. One is the NC Farms School Field Days. Field Days are scheduled once a month from March - June. Field Days help students tour successful local farmers and mentoring based on your area of interest. NC Farms school provides a network of professionals and resources.
